Objective:-

In depth knowledge of backend development, Restful API in Node.JS with MongoDB database. I am a keen learner of new technologies and have working knowledge in multiple cloud platforms like MongoDB Atlas Database, Heroku. I have capabilities to develop scalable solutions for collection of data and delivery of timely and efficient solutions.

Summary:-

- I have +5 years of experience as a Web/Software developer during which time I have worked with some major clients from USA and developed a number of web applications that are actively in use and adding value to their business.
- Working knowledge in Node.js, Angular.js, Firebase Notification, MongoDB, Mysql, Sequelize ORM, JWT server side validation
- Develop and maintain APIs, JSON web services, and Web Applications using Node.JS With Typescript
- Good understanding of server-side templating languages such as Jade, EJS

Experience:-

- **current GraffersID (sr. software developer)**
Autonomous Delivery Robots System (working project for last 1.5 year)
<https://ottonomy.io/>
- **BR InfoTech (software developer)**
Worked on Ethereum crypto currency block chain with smart contract REST API's, & Admin Panel
- **Anandi Technologies Pvt. Ltd (Back-End Developer)**
Improved (REST API's) and server side validation, MySQL Database, Sequelize ORM, firebase Notification, SMS Gateway, Mailing functionality
- **April 2015 – November 2017 CDN Info soft, Indore (Software Developer)**
Improved jwt, Angular 1&2, Improved socket programming applications, Build MEAN Stack, firebase notification in android app
- **Jan 2014 – Mar 2015 Linkites LLC, Indore (Internship)**
Worked on various type of web based application in Nodejs, and MongoDB

Academic Qualification:-

- **M.C.A** from **IPS Academy, Indore** passed out in 2013 with 75.4%.
- **B.C.A** from **M.C.R.P.V, BHOPAL** passed out in 2010 with 65.4%.
- **Intermediate** from **M.P Board, BHOPAL** with 65.8%.

Technical Skill

Web-based Technologies	: Nodejs, EJS, Pug, Jade,
Framework	: Express.js, Serverless, Lambda
Database	: Mongodb, MySQL
Scripting Languages	: Angular.js, Angular 14, Typescript
ORM & ODM	: MongooseJs, Sequelize ORM
Others	: Git, Swagger, Firebase, AWS
Hosting	: Heroku / AWS Server, PM2
Operating System	: Windows, Linux

Project Experience

Ottonomy Io (<https://www.ottonomy.io>)

Technologies: Node.js, ExpressJs with Typescript, Mongodb Database, Swagger, sendGrid, AWS, S3

Summary: Autonomous Delivery Robots System

evoai.network (<https://www.evoai.network>)

Role: Backend Developer (REST API's & adminPanel)

Project Sponsor: BR InfoTech

Technologies: Node.js, ExpressJs frame work, Mongodb, Mongoose ORM, firebase Notification, SMS Gateway, using mailing functionality

Summary: Use this application to create deals, manage bookings and grow your business to new heights

Ezee Salon App

(<https://play.google.com/store/apps/details?id=com.ezeesalon.partners>)

Role: Backend Developer (REST API's)

Project Sponsor: Anandi Technologies Pvt. Ltd

Technologies: Node.js, ExpressJs frame work, MySql Database, Sequelize ORM, firebase Notification, SMS Gateway, using mailing functionality, pay u payment gateway,

Summary: Use this application to create deals, manage bookings and grow your business to new heights

U-planner

<https://play.google.com/store/apps/details?id=com.uplanner.classpanel> HYPERLINK
"https://play.google.com/store/apps/details?id=com.uplanner.classpanel&hl=en"&
HYPERLINK

"https://play.google.com/store/apps/details?id=com.uplanner.classpanel&hl=en"hl
=en

Role: Developer

Project Sponsor: <https://www.u-planner.com/en-us/about-us>

Technologies: Node.js, Express.js framework, Angular.js, MySQL, JWT, PassportJs.

Summary: This application allows monitoring of the activities carried out in the classroom, allowing teachers to take attendance of students, record the contents reviewed in the class and view the notes of each student.

The teacher can view the assessments and grades of each student of the assigned sections.

My Speaking Journey (<http://myspeakingjourney.com>)

Role: Developer

Project Sponsor: Linkities InfoSoft

Technologies: Node.js, Express frame work, Mongodb Database, Angular.js

Summary: MSJ is a popular free targeted, insightful and instructive pieces of public speaking knowledge. to create distill the wisdom in videos and articles to make your learning

Hire4Hour (<http://www.hire4hour.com/>)

Role: Developer

Project Sponsor: CDN Solutions Group

Technologies: Node.js, ExpressJs framework, Parse database, Angular.js

Other Projects:

- Developed Many API's application in NodeJs for android & IOS application.
- Working on Taxi App
- 10+ NodeJs application and API
- NodeJs (REST API's) Supports both android and IOS

Personal Detail:-

Father's Name: Mr. L.P Sen

Date of Birth : 23/06/1989

Gender : Male

Nationality : Indian

Mobile No : +91-9131281681

Email : shailendrakumarsen@gmail.com

Place: INDORE
